

Outreach Alternate Secondary School Attendance Understanding Agreement

I acknowledge that I understand and agree to the following:

- Outreach offers courses in a condensed period of time
- In order to be successful in these courses my attendance is essential
- It is up to me to attend. Outreach staff will not necessarily notify parents/guardians, or otherwise “chase” me over attendance concerns
- My attendance becomes a concern after three absences
- After five absences I could be dropped from the course and would have to repeat that course in another term
- I should not expect work to be provided for me unless I have been legitimately absent (i.e. absent due to illness or family emergency)
- Being late is the same as being absent.
